

Economy of Jammu and Kashmir

Course Code: UEC000011T

Course Title: Economy of Jammu and Kashmir

Semester: III

Credits: 3

Rationale

This course equips students with the Jammu and Kashmir economic issues, prospects, and development plans. The course helps students comprehend J&K's economy and apply broader economic ideas to regional issues. It gives students the analytical abilities to evaluate local policies, historical events, and geographic influences on economic outcomes. Studying the economy of J&K also helps students contribute to regional economic development and policymaking by integrating their academic understanding with local economic realities.
