The work is in progress and every effort is being made to complete the sub-phase-I within the revised timeline. The University has identified and prioritized the construction of such buildings and infrastructure out of the phase-I in order to make the Campus functional within a short span of time, commensurate with the availability of funds. Tender for the Road Network and Utilities, vital for shifting of teaching faculties to the main campus, has also been approved for allotment at a cost of Rs. 264.98 Cr. in favour of a reputed construction agency, namely M/s SEW Infra Ltd. Hyderabad. The works for the Internal & External Electrification of the campus and University Guest House have also been finalized and allotted to M/s Anil Kumar & Co. Ghazibad at a cost of Rs. 43.99 Crores and M/s Percept Builders, Jammu, at a Cost of Rs. 4.76 Crores respectively.

Apart from providing land free of cost, State Govt. is required to provide basic infrastructural needs of Access Road, Water Supply, and Power Supply up to the periphery of the University. These vital issues have not been given requisite attention, so far, and without these no sustained development can be visualized. Though, the State Government is alive to the commitment as mentioned above, yet the proposals are still in infancy. University exercises a regular follow-up, with

the State Govt. through Chief Secretary, Planning Commissioner and concerned administrative heads, yet the same has also not met with any success so far. The issue has also been brought to the notice of Dr. Jitendra Singh, Union Minister, MOS (Independent Charge), Development of North Eastern Region, PMO (Personnel) and Dr. Nirmal Singh, Dy.CM, J&K State Govt. and Shri Chander Prakash Ganga, local MLA and Minister for Industries and Commerce, for their kind intervention with regard to the fast-tracking of the said infrastructure, to ensure the availability of basic amenities. It is an urgent requirement as some of the teaching departments are being shifted to main Campus and the students/faculty have to be provided with the basic facilities.
